

COVID-19 Business Continuity

The impact of the COVID-19 pandemic is becoming more intrusive, so we feel it is time to reassure you that Whiting Group Limited has sufficient and well tested contingency planning in place to ensure continued seamless business operations – even should the need arise for all staff to work from home.

We have a comprehensive Business Continuity Plan, designed to protect the firm, our employees and ensure our operations are uninterrupted through natural disaster, terrorist action or, in the case of COVID-19, the potential for some or all of the team to operate remotely.

We were, therefore, already well prepared for the escalation in Government restrictions of movement because of COVID-19 as announced in the Prime Minister's speech yesterday and we are fully confident that our day-to-day operations will continue to work as required.

For further information please either e-mail your usual contact at the firm or call us on 01622 356999.

Thank you,

The Whiting Group Team.
